24 WEEKS, JANUARY – JUNE 2027

How the 24 weeks work

Each stage prepares you for the next. You learn the work, then you do it for real, then you join the company that trained you.

JAN – MAR 2027
PHASE I

Intensive training

About 120 hours over 12 weeks: two hours a day, five days a week. Instruction, case discussions, speaking exercises, simulations, assignments, feedback and evaluations. The aim isn't to learn the vocabulary of business. It's to be able to do it.

APR – JUN 2027
PHASE II

Real work at BharatGrid

All ten join the company's commercial operations in one of two teams: Marketing, or Sales & Business Development. Real projects, real customers and measurable targets, under company management. Supervised, but the work is real.

ON COMPLETION
OUTCOME

A full-time role

BharatGrid intends to hire all ten into full-time positions once they successfully complete the programme. The fellowship exists to develop people the company wants to keep, not to train them and send them away.

SELECTION → TRAINING → CORPORATE EXPERIENCE → FULL-TIME EMPLOYMENT

Employment follows successful completion of the programme and the applicable employment terms.
